Akshit Shah

Tech Enthusiast

Love transforming ideas into reality using code

✉ akshit.gs@somaiya.edu   📱 8355800030   📍 Mumbai   ⦿ github.com/akshit6

EDUCATION

10th Grade
SSC Board :

04/2016   *95.4 %*

12th Grade
Rao IIT Academy (HSC Board)

07/2016 - 05/2018   *87 %*

B-Tech
K.J Somaiya College Of Engineering

08/2018 - Present   *1st year : 9.35 , 2nd year : 8.95*

WORK EXPERIENCE

Junior Coder
TEAM KJSCE ROBOCON

07/2019 - 03/2020

Achievements/Tasks

- Throughout the Internship, I got to know about various coding logic that are used in real life
- Writing code for an autonomous Robot to do a particular task
- Taking the inputs and analyzing the data to generate a required output

SKILLS

Python   C++   Flask   Flutter   Firebase

HTML   CSS   JavaScript   MongoDB

PERSONAL PROJECTS

Coffee Brew Crew (08/2020 - 08/2020)
- First flutter app
- Got to know about operations on firebase
- https://github.com/akshit6/Coffee-Brew-Crew

Merch Tree (03/2020 - Present)
- An E-commerce website developed in both NodeJs and Flask Simultaneously
- Got familiar MongoDB

Icompare (02/2020 - 05/2020)
- A flask website which can compare real time prices of products from Amazon and Flipkart and can predict the future price
- Got to apply web scraping for amazon and flipkart
- https://github.com/akshit6/icompare

My GRE (04/2019 - 05/2019)
- A flask website which gives contains quizzes for users
- Got to apply web scraping to extract latest news About the GRE Exam
- https://github.com/akshit6/Flask-wesite-GRE
